

Honorary Consulate of Ukraine in Montenegro

SERGIY BABUSHKIN PAID A VISIT TO MONTENEGRO

Sergiy Vyaceslavovich Babushkin, a famous architect, a designer of many buildings of different purposes in Ukraine, Russia, Belarus, Latvia, Estonia, paid a visit to the Consulate of Ukraine in Montenegro.

The work of Sergiy Babushkin stands out with the purity of architectural ideas, the reality of spatial planning, and his solutions are inventive and original. The professionalism is evident in his works which is witnessed by his numerous awards in many competitions.

In 1993, he founded his own architectural company, and in the period from 1996 to 2003 he was the main architect of Kiev and a director of the General Directorate for Urban Planning and Architecture of Kiev. He was appointed as Honorary Architect of Ukraine and among other things he is a professor at the International Academy of Architecture.

The talks of Mr. Babushkin with Mr. Milovic also addressed the contemporary architecture of Ukraine and Montenegro, potential projects, proposals for the training of young architects, as well as organizing architectural competitions.
